

7/7/2016

Dear North American iGEMers!

We invite you to please join us at the Midwest meetup in beautiful south central Missouri. Come to Rolla, MO to share your project ideas and learn about other team projects.

The meetup will be held July 29, 2016 on the Missouri S&T campus. To kick off the event we encourage you to arrive on July 28 to join us for a Building with Biology Forum which will be held from 6:30 to 8:00 pm followed by social activities.

At the meetup you will have the chance to meet other iGEM teams, practice your presentations, share human practices, learn what other teams are doing and maybe develop new collaborations.

Of course, the important point of the event is to have lots of fun. We will have social activities, community outreach events and a couple of short field trips.

If you are interested in joining us, please visit our meetup website and register.

<http://igemheartland.mst.edu/>

We hope to see you in Rolla!

Best wishes,

The Missouri Miners iGEM Team
